

# Summer in the CLZ

## July-August 2015

Travelling is the perfect way to vacation in the CLZ can choose to travel without leaving your town! We invite you to:

- The Sky trek at the exhibition "Awesome holidays"
- A great adventure at the workshop "Flying drones and airplanes" and "Models of airplanes - do it yourself".
- Natural-historical expedition "Flowers of history"
- Full of fun things to do during the VI CLZ Birthday,
- Discovering secrets and charms of Białystok monuments and sculptures in the monumental quest,
- And even on a journey in time, through the exhibition "Białystok young Zamenhof".

We also prepared for you a relaxation area - Games and Play Room and a Media gallery CLZ.

### **Awesome holidays /temporary exhibition**

Since antiquity, man wanted to rise to the skies and reach the sky. It's a big dream reflected in the myths and legends of almost all civilizations! Leonardo da Vinci tried to build a flying machine already in the fifteenth century., But the age-old dream of man managed to carry out only in 1903. Flight thanks to the brothers Oliver and Wilbur Wright. Launched in the twentieth century. Development of aviation is still ongoing. Although flying and airplanes have become part of everyday life, it continues to fascinate new generations of people! Aviation strongly marked its presence also in Białystok - local flying club soon will celebrate 70th anniversary.

The exhibition at the TBN waiting for you more than 100 copies of model airplanes that arose in the twentieth century. There are planes - legends like English Spitfire, German or Polish Messersmith moose and dozens of other flying machines. Audiovisual tour of the exhibition are excerpts of interviews with białostockimi pilots and modellers from the Aero Club of Białystok (fully available in Mediateka CLZ).

Partner of the exhibition is the Aero Club of Białystok.

Learn the basics of aerodynamics and learn to fold a real parachute. Build your own airplane and see how years. It will be a blast!  
Permanent and temporary exhibitions

It's a great introduction to the history of the city. The multimedia exhibition "Bialystok young Zamenhof," brings us to

the nineteenth century, in the middle of a multinational, rapidly developing city where he was born and spent the first dozen years of his life creator of Esperanto. This is complemented by the exhibition "Not immediately monument built ..." - full of unexpected discoveries attempts to commemorate the history of Ludwik Zamenhof of Białystok. Another białostocki direction is "Bojary 2" - photographic stroll through one of the oldest and until recently most beautiful areas of the city, after which visitors give tours Bojarczyków voices themselves. Others look at the city allows installation on the terrace TBN, a reminder of the project "Because art is in us", in which participants looked for examples of spontaneous creativity, "street". What they found? See for yourself.
