The best-selling book "MAPS" by **Aleksandra and Daniel Mizieliński** in the XXL version! Selected pages from the impressive atlas in the style of maps of former travellers have been transferred to large-format canvases, which we present in the form of an exhibition!

We invite you to travel together to various interesting parts of the world. During the journey across the continents we will look for the Loch Ness monster, find out where the longest wooden pier in Europe is, where fireworks were invented, how Maoris greet each other and what are the popular means of transport on the streets of Indian cities. We will go on a ride through the "Devil's Nose", visit the Easter Island and traverse the Skeleton Coast.

"MAPS" by Aleksandra and Daniel Mizieliński (Dwie Siostry Publishing House, Warsaw 2012) is an international bestseller awarded in the country and abroad.
